

Wycombe Wanderers Reserves goalkeeper Chris Way is left sprawling as Staines Reserves score their second goal during their 3-0 victory in the Suburban League match at Loakes Park on Saturday.

# Wycombe need boost

WYCOMBE face Boreham Wood tonight (Tuesday) in a match the Blues must win, if only to give their confidence a boost.

Wycombe, following two defeats and two draws, find themselves bottom but one in the Isthmian League. Mike Keen could make further changes following the successful introduction of Paul West to the side on Saturday.

The new face this time could be that of 21 year old Jimmy Richardson, a defender who came to Wycombe after being released by Fulham.

But Boreham Wood will not be letting three points slip by easily. For one man in particular the match has special significance. He is Andy

Williams who this time last year was managing Blues. He left towards the end of last season and now holds a coaching position with the Wood.
